Report on Overseas Education Fair at VITW

Program Name: Overseas Education Fair

Organizer: Global Star

Venue: VITW

Date: 17.02.2024.

The Overseas Education Fair, organized by Global Star at VITW, proved to be an enlightening event for students aspiring to pursue higher education abroad. Designed to create awareness about global academic opportunities, the fair brought together representatives from top universities, study programs, and scholarship organizations worldwide. The event aimed to bridge the gap between students and international institutions, helping them gain a comprehensive understanding of the possibilities available to them.

The fair provided an impressive showcase of undergraduate and postgraduate programs, catering to a variety of fields such as engineering, business, medicine, arts, and more. Students had the opportunity to interact directly with university representatives, gaining firsthand information about admission criteria, course structures, tuition fees, and the availability of scholarships. Informative sessions on visa procedures, language proficiency tests, and study destinations were also conducted, making the process more transparent and approachable for attendees.

A key highlight of the event was its focus on the career prospects and cultural experiences associated with studying abroad. Students were encouraged to explore the personal and professional growth opportunities that come with immersing themselves in a new academic environment. Testimonials and success stories shared during the fair served as inspiration, motivating students to take the leap toward international education.

Discussion with students

Students interaction

The event also provided guidance on how to navigate the challenges of studying abroad, including adapting to new cultures and managing financial requirements. With a strong emphasis on holistic support, the Overseas Education Fair equipped students with the confidence and resources needed to pursue their dreams.

In conclusion, the Overseas Education Fair at VITW was a resounding success, offering students a well-rounded perspective on global education. The event not only inspired participants to expand their horizons but also provided them with actionable steps to achieve their goals, making it a truly transformative experience.

Short Term Training Program Report on AI-Based Biomedical Technologies

Date: 7th Mar, 2024.

Location: INDIAN BIOMEDICAL SKILL COUNCIL,
AMTZ Campus, Pragathi Maidan,
VM Steel Project S.O.,
Visakhapatnam-530031, AP, INDIA

Introduction

The training on *AI-Based Biomedical Technologies* was organized to introduce participants to the latest advancements in artificial intelligence applications within the biomedical field. The session was aimed at healthcare professionals, biomedical engineers, and researchers to enhance their understanding of AI's transformative role in diagnostics, treatment, and research.

Objectives

The primary objectives of the training were:

- To explore AI's applications in medical imaging, diagnostics, and drug discovery
- To understand the integration of AI in personalized medicine
- To discuss ethical considerations and challenges in AI-driven healthcare

Key Content Summary

The training covered the following topics:

- **Overview of AI in Biomedical Technologies:** Introduction to AI concepts and their relevance to healthcare.
- **Applications in Diagnostics:** Use of AI in detecting diseases through medical imaging (e.g., X-rays, MRIs).
- **AI in Drug Discovery:** How AI accelerates drug development by identifying potential compounds.
- **Personalized Medicine:** Leveraging AI to tailor treatments based on individual patient data.

Phone: 0866-2844444, Email: vjavatechfw@gmail.com Website: www.vitw.edu.in
College Code: NP, Enikepadu, Vijayawada-521108

- **Ethics in AI:** Challenges like data privacy, bias, and regulatory compliance in AI healthcare applications.
- **Case Studies:** Real-world examples of AI systems, such as AI-based cancer diagnostics and robotic surgery tools.

Outcomes and Learnings

Participants gained:

- A strong foundation in AI applications in biomedical technologies.
- Awareness of how AI improves healthcare outcomes through accuracy and efficiency.
- Insights into addressing ethical and regulatory challenges in AI-driven healthcare.

Participated in a session at IBSC

Feedback

The training received overwhelmingly positive feedback, with participants appreciating the practical examples and real-world case studies. Some suggested adding hands-on demonstrations for future sessions.

College Code: NP, Enikepadu, Vijayawada-521108

Conclusion

The session successfully highlighted the transformative impact of AI in the biomedical field and its potential to revolutionize healthcare. It is recommended to conduct follow-up sessions focusing on hands-on implementation and advanced AI tools for biomedical applications.
