

5.3.2

Student representation in administrative, co-curricular, and extracurricular activities is vital for fostering a vibrant and inclusive environment. In administrative roles, students often serve on councils or committees, where they contribute to decision-making processes and voice their peers' concerns. This involvement helps develop leadership skills and ensures that students' perspectives are considered in policy-making.

Co-curricular activities, such as debate, quiz and elocution clubs, provide platforms for students to express their ideas, enhance public speaking skills, and learn the intricacies of teamwork. These activities encourage critical thinking and civic engagement, preparing students for future challenges.

Extracurricular activities, ranging from sports teams to performing arts, allow students to explore their interests and talents while building a sense of community. Such involvement often leads to mentorship opportunities and peer support networks, fostering personal growth and resilience.

Overall, effective student representation across these activities not only empowers individuals but also reinforces a culture of collaboration and respect within educational institutions, enhancing the overall student experience and contributing to a more dynamic learning environment.

VITW encourages the student to participate in these activities by conducting various events.

Name of the Event : Elocution competition

Date of the Event : 21-02-2024

Name of the coordinator Mr. E.Ravi Kumar

Assistant Professor Department of ECE

Objective of the Event :

Elocution competition is always interesting and informative, which provide excitement among the Students. An Elocution Competition was organized by the Department of ECE . Around 20 students participated in the event.

Brief Report: Elocution refers to one's capacity of communicating with others, with the use of exact speech and gestures. It is important in today's technical world that our students speak exceptionally well to enhance oratory skills.

The final round was between the first two winners of each college of preliminary round. A healthy competitive spirit enlightened the faces of the participants as they presented their elocution skills in the main Seminar Hall. The topic for the competition was Corruption Free India.

The competition gave a lot of encouragement and confidence to the performers and to all the students present there. The students took part with great enthusiasm and it was indeed a treat to hear them come out with their unique and fearless points of view. Keeping in mind the several factors which are adjudged during a competition the participants focused on aspects like culmination of voice quality, speech content and the delivery standards. The audience applauded each one of them as they kept forth their arguments with great confidence and aplomb.

Outcome of the Event : It was very informative and knowledge enriching competition for the participants. Virtual platform based competition gives better experience to the participants.

Prizes are distributed to the winners by Principal Dr. G. Chenchamma garu and all the Department Head.
