### **7.1.11 Institution celebrates / organizes national and international commemorative days, events and festivals**

In alignment with the criteria, our institution actively commemorates national and international days, events, and festivals to foster a vibrant, inclusive, and culturally rich environment. By celebrating a wide range of occasions, we aim to enhance the educational experience, promote diversity, and instill a sense of global citizenship among our students and staff. These events serve as a reminder of the nation's glorious past and instill a deep sense of pride and patriotism in students. The cultural programs often feature traditional dances, patriotic songs, and skits that narrate historical events, creating a lively and educational atmosphere.

National days such as Independence Day, Republic Day are marked with ceremonies, speeches, and cultural programs that highlight the importance of the historic events. These celebrations not only honour our nation's legacy but also instill a sense of pride and patriotism in the student community.

International commemorative days, including International Yoga Day and National Youth Day, are observed with thematic events, workshops, and awareness campaigns. These activities not only raise awareness about global issues but also encourage students to engage with and address these challenges, fostering a sense of global citizenship and responsibility.

Festivals such as Sankranti, Christmas, Eid, and Holi are celebrated with equal enthusiasm, promoting unity and harmony among diverse cultural groups within the campus. Through these festivities, students gain a deeper appreciation of different traditions and customs, fostering a sense of mutual respect and inclusivity.

This environment respects and celebrates cultural diversity, promotes social and global consciousness, and prepares students to become well-rounded, responsible global citizens. Through these celebrations, students develop a deeper appreciation for different cultures, historical events, and global issues, enriching their overall educational experience.
