### 7.1.3

#### DEGRADABLE AND NON-DEGRADABLE WASTE MANAGEMENT

Effective management of waste – either by disposal or recycling, is a critical process for any organization as it impacts the health and environment of not only the people working and residing in the campus but also of those living in the vicinity. Providing a healthy and safe environment is therefore of utmost priority

#### Solid waste management:

Solid waste management in the campus is accomplished either by in-house utilization/ consumption or by outsourcing its collection and disposal to an authorized agency. Bins have been provided across the campus for collection of the solid waste generated at different sources .
