## ABOUT US

Vijaya Institute of Technology for Women (VITW) is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering College in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE, IT, Masters of Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference.

## ABOUT CSE DEPARTMENT

The Department of Computer Science and Engineering (CSE) is established in the year 2008 with a view to develop quality engineers to meet the current trends. The Department provides Undergraduate program in B.Tech (CSE) is noted for research and teaching excellence. Its recognized faculty members are engaged in breakthrough research across the leading areas of Computer Science and Engineering. The department has got well equipped laboratories with latest soft-wares to meet the industry trends. It also has excellent library facility.

## OBJECTIVE OF THE SEMINAR

This will ultimately assist them in protecting their intellectual property and potentially monetizing their inventions, innovations, or creative works through legal patent rights.

### Objectives:

- To legally protect a novel invention, idea, or innovation from unauthorized use or reproduction by obtaining a patent.
- To create a valuable asset that can be licensed, sold, or used to secure investment or funding for further development.
- To gain exclusive rights to make, use, and sell the patented invention for a specified period, typically 20 years from the date of filing.
- To establish a competitive advantage by preventing others from exploiting the same invention in the marketplace.

### RESOURCE PERSON:

### Department of Computer Science & Engineering One day Seminar on Importance of IPR in Modern Global Economic Environment 28-02-2020

**Registration Fee: Free**

**Registration Deadline: 28-02-2020**

A one-day seminar on **Importance of IPR in Modern Global Economic Environment** was successfully organized by Department of Computer Science & Engineering, Vijaya institute of technology for women, Enikepadu, Vijayawada, Andhra Pradesh, held on 28<sup>th</sup> February 2020.

The seminar titled "Importance of Intellectual Property Rights in Modern Global Economic Environment" provided a comprehensive exploration of the pivotal role that Intellectual Property Rights (IPR) play in shaping the contemporary global economy. The seminar delved into various aspects of IPR, emphasizing their significance in fostering innovation, economic growth, international trade, and the overall development of nations.

#### **Objective of the Seminar:**

#### **Specific goals of this Seminar included:**

The seminar emphasized how IPR serve as catalysts for innovation and creativity. By providing legal protection to inventors, artists, and entrepreneurs, IPR encourage the development of new technologies, artistic works, and business processes. This protection acts as an incentive for individuals and organizations to invest in research and development, leading to a continuous cycle of innovation.

ENIKEPADU, VIJAYAWADA-521 108.**

### **Program Out Comes:**

The seminar on the importance of Intellectual Property Rights in the modern global economic environment provided valuable insights into the multifaceted significance of IPR. Participants gained a deep understanding of how intellectual property protection fosters innovation, encourages investments, facilitates international trade, and supports the growth of businesses, particularly SMEs. As the global economy continues to evolve, the role of IPR remains indispensable. It is imperative for governments, businesses, and stakeholders to recognize the importance of robust IPR frameworks and collaborate to ensure their effective implementation. This seminar served as a platform for knowledge exchange and dialogue, highlighting the essential role that IPR play in shaping the future of the global economy.

The one-day seminar on Importance of IPR in Modern Global Economic Environment came to a close on 28<sup>th</sup> February 2020, with a Valedictory function. Ms.P.Sarala gave the welcome address in the valedictory function. Guest of the Valedictory Function gave a motivational speech on that IPR protection gives companies the confidence to invest in long-term and high-risk projects without the fear of immediate imitation. Ms.P.Sarala, coordinator of the CSE Department presented the report on one day seminar Importance of IPR in Modern Global Economic Environment.

## ABOUT THE COLLEGE

The college Vijaya Institute of Technology for Women is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering College in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE and IT, Masters in Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference. It has made its presence felt more with its academic discipline, results and the achievement of its students.

## ABOUT MBA DEPARTMENT

The department was established in the year 2009 and offers 2 year full time Master of Business Administration (MBA) program with the approval of AICTE, and affiliated to JNTUK. Department of MBA believes in learning beyond the classroom and in interaction with industry. We at the Department instill aptitude to think logically and act rationally. Faculty members at MBA promote knowledge through teaching, research and training. Various tools are used to allow students to become Managers, Leaders and Entrepreneurs.

## OBJECTIVES OF THE SEMINAR:

The objectives of the workshop:

1. To create awareness about the importance of innovation and idea generation.
2. To develop Positive attitude and overcome mentality.
3. To develop problem solving skills of students
4. To develop ideas to overcome obstacles and be proactive.

## ABOUT THE COLLEGE

The college Vijaya Institute of Technology for Women is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering College in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE and IT, Masters in Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference. It has made its presence felt more with its academic discipline, results and the achievement of its students.

## ABOUT MBA DEPARTMENT

The department was established in the year 2009 and offers 2 year full time Master of Business Administration (MBA) program with the approval of AICTE, and affiliated to JNTUK. Department of MBA believes in learning beyond the classroom and in interaction with industry. We at the Department instill aptitude to think logically and act rationally. Faculty members at MBA promote knowledge through teaching, research and training. Various tools are used to allow students to become Managers, Leaders and Entrepreneurs.

## OBJECTIVES OF THE SEMINAR:

The objectives of the workshop:

1. To create awareness about the importance of innovation and idea generation.
2. To develop Positive attitude and overcome mentality.
3. To develop problem solving skills of students
4. To develop ideas to overcome obstacles and be proactive.
5. To aware the students on how to start a start-up enterprise with a basic idea of innovation
6. To aware the students of various fund related sources for the start-up

### **Organized by Department of Business Administration**

### **A Seminar on Entrepreneurship Skills, Attitude and Behavior Development**

**Registration Fee: Free**

**Registration Deadline: 20-02-2020**

A seminar on entrepreneur skills, attitude and Behavior Development was successfully organized by Department of Business Administration , Vijaya institute of technology for women, Enikepadu, Vijayawada, Andhra Pradesh, held on 20-02-2020

The main goal of the Seminar is to know what are the various skills attitude and Behavior development of entrepreneur and get aware of them to solve major Entrepreneurial problems and to sustain from the competition which is growing day by day. So a study or discussion on these trends is a necessary to face the competition.

#### **Objectives of the Seminar:**

**Specific goals of this Seminar include:**

The Objectives of the Seminar is entrepreneurship is becoming a preferred career path by many people. In the past two years, Indian Economy have taken a great spin. With new challenges there will be advanced solutions and emerging trends that will impact entrepreneurship greatly. To acquire such knowledge, business skills one should need guidance and experience. So this Seminar can provide an insight of various emerging trends in Entrepreneurship. It also includes developing a Business Plan, launching of the product, working with ideal clients, delegating the work effectively.

**PRINCIPAL  
VIJAYA INSTITUTE OF  
TECHNOLOGY FOR WOMEN  
ENIKEPADU, VIJAYAWADA-521 108.**

### **1. Learning from Failure and Getting back up**

Just saying the word "failure" brings about a creeping sense of dread, yet it plays an important role in the entrepreneurship journey. Failure can become a self-fulfilling prophecy; if you fail once, get stuck in that mindset, and never try again, then you will never climb out of the pit.

### **2. Ingenuity, Creativity, and Critical Thinking**

The difference between an entrepreneur that is just getting by and one who is thriving is a creative drive and an innovative approach to solving problems. Developing this skill can start at early childhood; kids can develop these skills by learning to experiment and through activities that allow them to express themselves creatively. Nurturing ingenuity and creativity is a fun investment that can pay off greatly in the future.

### **3. Dedication and Commitment to Productivity**

Developing a sense of responsibility to accomplish tasks will help you in all stages of life, from finishing homework at school all the way through to a professional setting. By starting early and developing a sense of accountability, you essentially create a habit and become addicted to the feeling of accomplishment.

### **4. Curiosity and an Appetite for Knowledge**

Curiosity can be a great driving force for entrepreneurs. A constant appetite for learning and knowledge can put you on a path of continuous self-development and growth. Developing this skill starts at childhood, by encouraging children to pick up new hobbies, pursue their interest, and explore the world around them.

### **5. Confidence and Conviction**

It takes a lot of confidence to start a business, and it takes even greater confidence to persuade potential clients and ultimately grow your business. Believing in your abilities and your idea is essential during the entrepreneurship journey, but this doesn't happen overnight.

### **6. Compassion and Emotional Intelligence**

Empathy is as crucial for a progressive society as it is for entrepreneurs working with a team. This goes beyond relating to others' emotions, but working with others to help accomplish their goals

*G. Chon*

**PRINCIPAL  
VIJAYA INSTITUTE OF  
TECHNOLOGY FOR WOMEN  
ENIKEPADU, VIJAYAWADA-521 108.**

and aspirations. Parents can set an example for their children by showing them what it means to listen to others, support those around them, and why it is so important to do so.

### 7. Positivity and Optimism

Entrepreneurs are often told that they need to surround themselves with positive people, but equally important, they need to be positive to succeed. Having a negative outlook can drain one's energy and alienate people, hurting personal and professional prospects.

### 8. Engaging the Community

Entrepreneurs experience loneliness, sometimes amplified by the stress of their daily lives. The best cure for loneliness is helping others because it provides a deep sense of fulfillment and belonging to the community. In addition, by becoming involved in the community you gain new perspectives and further boost your self-esteem. Children, by learning that they can make a difference in their immediate community, will develop an understanding to the challenges our society faces.

## ABOUT US

Vijaya Institute of Technology for Women (VITW) is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering College in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE, IT, Masters of Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference.

## ABOUT CSE DEPARTMENT

The Department of Computer Science and Engineering (CSE) is established in the year 2008 with a view to develop quality engineers to meet the current trends. The Department provides Undergraduate program in B.Tech (CSE) is noted for research and teaching excellence. Its recognized faculty members are engaged in breakthrough research across the leading areas of Computer Science and Engineering. The department has got well equipped laboratories with latest soft-wares to meet the industry trends. It also has excellent library facility.

## OBJECTIVE OF THE SEMINAR

Writing an effective abstract and improving the architecture of your research are crucial skills for communicating your work to a broader audience and ensuring that your research is well-structured and impactful.

### Objectives:

- Writing an effective abstract and improving the architecture of your research are crucial skills for communicating your work to a broader audience and ensuring that your research is well-structured and impactful.
- Ensure that your abstract is clear and understandable to a broad audience, including those who may not be experts in your field. Avoid jargon and technical language when possible.

RESEARCH”  
15 FEBRUARY, 2020

VIJAYA INSTITUTE OF TECHNOLOGY FOR WOMEN

An ISO 9001:2015 Certified Institution,  
Affiliated to JNTU, Kakinada,  
Enikepadu, Vijayawada-521108,  
Andhra Pradesh, India  
PH: 0866-2844444  
www.vitw.edu.in

## ABOUT US

Vijaya Institute of Technology for Women (VITW) is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering College in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE, IT, Masters of Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference.

## ABOUT CSE DEPARTMENT

The Department of Computer Science and Engineering (CSE) is established in the year 2008 with a view to develop quality engineers to meet the current trends. The Department provides Undergraduate program in B.Tech (CSE) is noted for research and teaching excellence. Its recognized faculty members are engaged in breakthrough research across the leading areas of Computer Science and Engineering. The department has got well equipped laboratories with latest soft-wares to meet the industry trends. It also has excellent library facility.

## OBJECTIVE OF THE SEMINAR

Writing an effective abstract and improving the architecture of your research are crucial skills for communicating your work to a broader audience and ensuring that your research is well-structured and impactful.

### Objectives:

- Writing an effective abstract and improving the architecture of your research are crucial skills for communicating your work to a broader audience and ensuring that your research is well-structured and impactful.
- Ensure that your abstract is clear and understandable to a broad audience, including those who may not be experts in your field. Avoid jargon and technical language when possible.

### RESOURCE PERSON:

Mrs.Ch.Sri Shanthi  
M.Sc,M.Ed,M.Phil,  
TKR College of Engineering &  
Technology,  
Hyderabad.

### **Department of Computer Science & Engineering** **A One day Workshop on How to Write an Abstract & Improve your** **Architecture of Research 15-02-2020**

**Registration Fee: Free**

**Registration Deadline: 15-02-2020**

A one-day Workshop on **How to Write an Abstract & Improve your Architecture of Research** was successfully organized by Department of Computer Science & Engineering, Vijaya institute of technology for women, Enikepadu, Vijayawada, Andhra Pradesh, held on 15<sup>th</sup> February 2020.

The Workshop aimed to assist researchers, scholars, and students in refining their academic writing skills, specifically focusing on writing clear and compelling abstracts and structuring their research effectively for maximum impact and understanding, to enhance participants understanding of structuring their research papers for clarity and coherence.

#### **Objective of the Workshop:**

#### **Specific goals of this Workshop included:**

The workshop began with a comprehensive discussion on abstract writing, emphasizing the significance of capturing the essence of the research in a concise manner. Participants learned the art of selecting key points, ensuring clarity, and structuring abstracts to engage readers effectively. Examples of impactful abstracts from diverse fields were analyzed to understand successful strategies.

### **Program Out Comes:**

The Workshop on "How to Write an Abstract & Improve Your Architecture of Research" proved to be a transformative learning experience for participants, equipping them with advanced skills in abstract writing and research paper structuring. By fostering clear communication and logical organization, the workshop empowered attendees to elevate the impact of their research publications and contribute meaningfully to their academic disciplines. The workshop's success in providing practical insights and personalized guidance underscores the importance of tailored training initiatives in academic writing. Continued efforts in educating researchers about abstract writing and research paper architecture will undoubtedly enhance the quality and effectiveness of scholarly communication.

The one-day seminar on How to Write an Abstract & Improve your Architecture of Research came to a close on 15<sup>th</sup> February 2020, with a Valedictory function. Mrs.J.Hymavathi gave the welcome address in the valedictory function. Guest of the Valedictory Function gave a motivational speech on knowledge and skills needed to become effective social entrepreneurs and make a positive impact on society. Mrs.J.Hymavathi, coordinator of the CSE Department presented the report on one day seminar on How to Write an Abstract & Improve your Architecture of Research.

## About College

The college Vijaya Institute of Technology for Women is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering college in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE and IT, Masters in Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference. It has made its presence felt more with its academic discipline, results and the achievement of its students.

## About IT Department

The department has well-qualified, experienced and dynamic faculty who are engaged in breakthrough research across the leading areas of information technology.

The Engineer & Society, a part of IT Department produces versatile students encourages them to be employed in exciting careers. On an individual level, it improves programming skills and creates awareness among the recent

trends & technologies in the computer field.

## Objective of the Workshop:

A workshop on research design and research methods is an educational event designed to help participants improve their understanding and skills in conducting research. Such workshops are valuable for students, researchers, and professionals in various fields who want to learn or enhance their knowledge of the research process.

### Outcomes:

To provide participants with a comprehensive understanding of research design.

To introduce participants to various research methods and their applications.

To equip participants with practical skills and tools for conducting research.

**One day Workshop on**  
**RESEARCH DESIGN AND RESEARCH METHODS**  
**(10-02-2020)**

**Registration Fee: Free**

**Registration Deadline: 09-02-2020**

A one-day workshop on the intriguing topic, " **RESEARCH DESIGN AND RESEARCH METHODS** ", was successfully organized by Department of Information Technology, Vijaya institute of technology for women, enikepadu, Vijayawada, AndhraPradesh, held on 10-02-2020.

**Objective of the Workshop:**

**Specific goals of this Workshop included:**

The main goal of the workshop was provided participants with a strong foundation in research principles and methodologies. Participants gained a deeper understanding of how to design research projects, select appropriate methods, and conduct research ethically. The practical group activities fostered hands-on learning and encouraged collaboration among participants.

## ABOUT US

Vijaya Institute of Technology for Women (VITW) is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering College in the heart of Vijayawada city, offering engineering undergraduate courses in CSE, ECE, EEE, IT, Masters of Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference.

## ABOUT CSE DEPARTMENT

The Department of Computer Science and Engineering (CSE) is established in the year 2008 with a view to develop quality engineers to meet the current trends. The Department provides Undergraduate program in B.Tech (CSE) is noted for research and teaching excellence. Its recognized faculty members are engaged in breakthrough research across the leading areas of Computer Science and Engineering. The department has got well equipped laboratories with latest soft-wares to meet the industry trends. It also has excellent library facility.

## OBJECTIVE OF THE SEMINAR

To promote social entrepreneurship and its positive impact on society by creating sustainable businesses that address pressing social and environmental issues, while also fostering economic growth and innovation.

### Objectives:

- Develop and implement educational programs, workshops, and awareness campaigns to educate individuals and communities about the concept of social entrepreneurship and its potential to drive positive change.
- Facilitate access to impact investment, grants, and financing options specifically tailored for social enterprises to ensure they have the capital needed to grow and sustain their operations.

## ABOUT US

Vijaya Institute of Technology for Women (VITW) is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering College in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE, IT, Masters of Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference.

## ABOUT CSE DEPARTMENT

The Department of Computer Science and Engineering (CSE) is established in the year 2008 with a view to develop quality engineers to meet the current trends. The Department provides Undergraduate program in B.Tech (CSE) is noted for research and teaching excellence. Its recognized faculty members are engaged in breakthrough research across the leading areas of Computer Science and Engineering. The department has got well equipped laboratories with latest soft-wares to meet the industry trends. It also has excellent library facility.

## OBJECTIVE OF THE SEMINAR

To promote social entrepreneurship and its positive impact on society by creating sustainable businesses that address pressing social and environmental issues, while also fostering economic growth and innovation.

### Objectives:

- Develop and implement educational programs, workshops, and awareness campaigns to educate individuals and communities about the concept of social entrepreneurship and its potential to drive positive change.
- Facilitate access to impact investment, grants, and financing options specifically tailored for social enterprises to ensure they have the capital needed to grow and sustain their operations.

### **Department of Computer Science & Engineering** **One day Seminar on Social Entrepreneurship & the Ways to achieve it** **29-01-2020**

**Registration Fee: Free**

**Registration Deadline: 29-01-2020**

A one-day seminar on **Social Entrepreneurship & the Ways to achieve it** was successfully organized by Department of Computer Science & Engineering, Vijaya institute of technology for women, Enikepadu, Vijayawada, Andhra Pradesh, held on 29<sup>th</sup> January 2020

The seminar on social entrepreneurship held at [Vijaya Institute of Technology for women] aimed to educate students and faculty about the concept of social entrepreneurship and explore innovative strategies to achieve it. Social entrepreneurship involves creating and implementing sustainable solutions to address social, cultural, or environmental challenges.

#### **Objective of the Seminar:**

#### **Specific goals of this Seminar included:**

The seminar can effectively achieve its objectives, empowering participants with the knowledge, skills, and motivation needed to excel in the field of social entrepreneurship. To enhance the skills of participants, equipping them with practical knowledge on how to identify social problems, develop innovative solutions, and implement sustainable social entrepreneurship projects. To raise awareness about the importance of social entrepreneurship in addressing social challenges and advocating for its integration into mainstream business practices.

### **Program Out Comes:**

When organizing a seminar on social entrepreneurship and discussing program outcomes, you should aim to educate and inspire participants to understand the concept of social entrepreneurship and provide them with actionable ways to achieve it. Social entrepreneurship is a dynamic field that combines business principles with a social mission. We have helped the participants recognize pressing social problems, both locally and globally, that can be addressed through entrepreneurial solutions and also instructed the participants how to create sustainable business models that generate both financial returns and positive social impact.

The one-day seminar on Social Entrepreneurship & The Ways to Achieve It came to a close on 29<sup>th</sup> January 2020, with a Valedictory function. Mrs.A.C.Priya Ranjani gave the welcome address in the valedictory function. Guest of the Valedictory Function gave a motivational speech on knowledge and skills needed to become effective social entrepreneurs and make a positive impact on society. Mrs.J.Hymavathi, coordinator of the CSE Department presented the report on one day seminar on – Social Entrepreneurship & The Ways to Achieve It. The coordinator of the seminar taken the Live feedback of participants.

## About College

The college Vijaya Institute of Technology for Women is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering college in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE and IT, Masters in Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference. It has made its presence felt more with its academic discipline, results and the achievement of it's students.

## About IT Department

The department has well-qualified, experienced and dynamic faculty who are engaged in breakthrough research across the leading areas of information technology.

The Engineer & Society, a part of IT Department produces versatile students encourages them to be employed in exciting careers. On an individual level, it improves programming skills and creates awareness among the recent

trends & technologies in the computer field.

## Objective of the Seminar:

The main goal of the seminar was understanding the participants today's rapidly evolving digital age, intellectual property (IP) has taken on unprecedented importance. As businesses and individuals digitize their creations and innovations, it's crucial to understand how to protect, manage, and leverage intellectual property in this new landscape

### Outcomes:

- ❖ Understanding Intellectual Property in the Digital Era
- ❖ Copyright in the Digital World
- ❖ Patents and Digital Innovation
- ❖ Trademarks and Branding in the Digital Space
- ❖ Trade Secrets in the Digital Age
- ❖ Open Source and Licensing
- ❖ Intellectual Property Management Strategies

**Program Out Comes:**

Attendees should gain a clear understanding of what intellectual property is, including patents, copyrights, trademarks, and trade secrets. Participants should become aware of how digitization is impacting various industries and the importance of protecting intellectual property in the digital age.

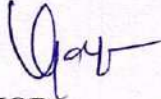

Seminar attendees might learn about various strategies and best practices for protecting intellectual property in a digitized environment, including how to apply for patents, register copyrights, and protect trademarks online.

Awareness of the intersection of intellectual property management with cybersecurity and data privacy concerns in a digitized world. Understanding the global aspect of intellectual property, including international treaties and agreements, and how they affect digital businesses.

The one-day seminar INTELLECTUAL PROPERTY MANAGEMENT IN DIGITIZATION. came to a close on 1<sup>st</sup> Nov 2019, with a Valedictory function. Mr CH.Phanikanth, gave the welcome address in the valedictory function. Guest of the Valedictory Function gave a motivational speech on relevance of Intellectual Property during the valedictory programme and encouraged the participants to provide with valuable insights into protecting, managing, and leveraging intellectual property in the digital age. The coordinator of the seminar taken the feedback of participants.

## About College

The college Vijaya Institute of Technology for Women is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering college in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE and IT, Masters in Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference. It has made its presence felt more with its academic discipline, results and the achievement of it's students.

## About ECE Department

The department has well-qualified, experienced and dynamic faculty who are engaged in breakthrough research across the leading areas of information technology.

The Engineer & Society, a part of ECE Department produces versatile students encourages them to be employed in exciting careers. On an individual level, it improves programming skills and creates awareness among the recent trends & technologies in the computer field.

## Objective of the Seminar:

A Start up ECO System is formed by people , startups in their various stages and various types of organizations in a location, interacting as a system to create new startup. The organizations can be further divided into categories.universities,funding organizations ,support organization

### Objectives:

- ❖ Idea , Inventions and Reserch.
- ❖ Startups at various stages
- ❖ Entrepreneurs
- ❖ Start up team members
- ❖ Investors
- ❖ Mentors
- ❖ Advisors
- ❖ Other Entrepreneurial people
- ❖ People from related organizations

### **A ONE DAY SEMINAR ON**

### **ENTREPRENEURSHIP AS A CAREER**

**10-09-2019**

**Registration Fee: Free**

**Registration Deadline: 10-09-2019**

A one-day seminar on **Enterprenuership as a career** was successfully organized by Research and Development Cell, Vijaya institute of technology for women, Enikepadu, Vijayawada, Andhra Pradesh, held on 10<sup>th</sup> September 2019

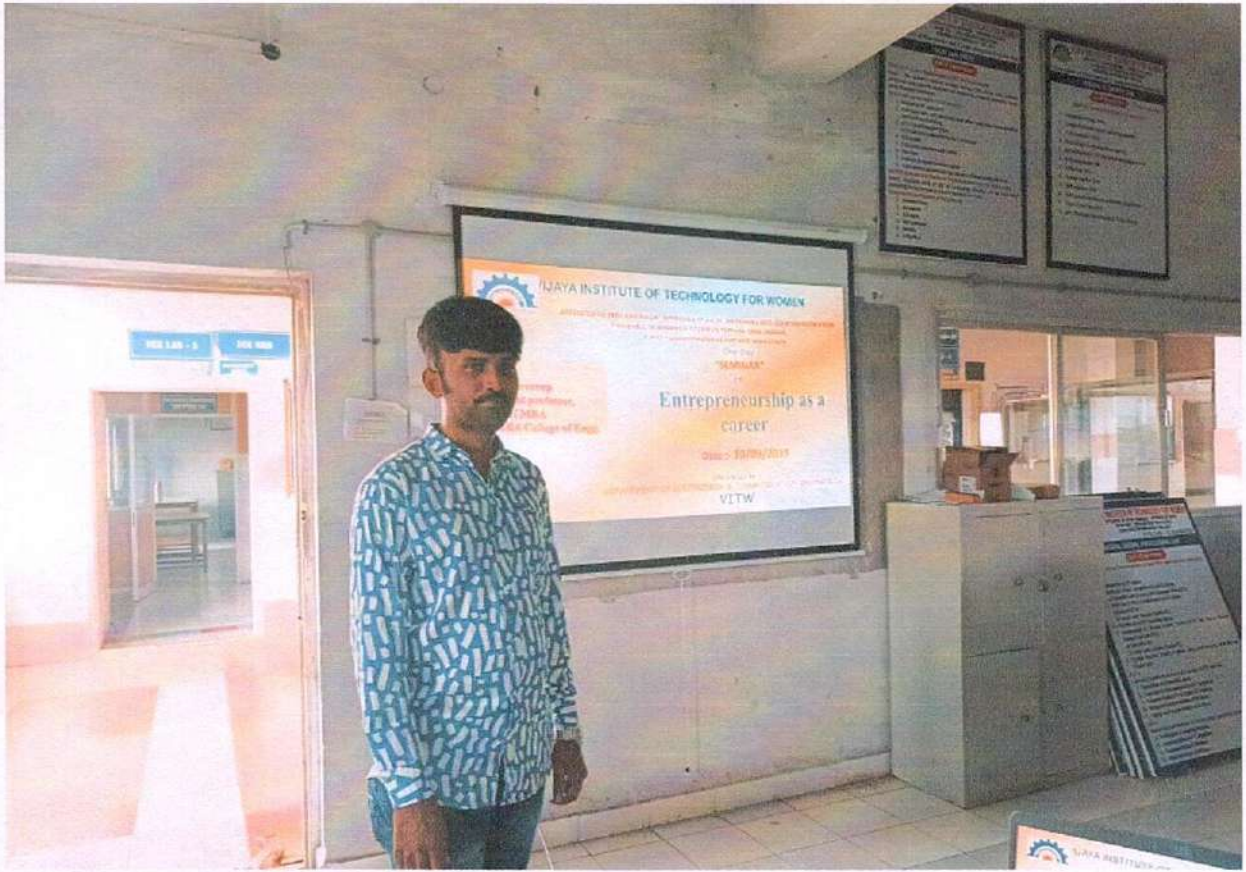

The goal of the seminar was the willingness to take risks and develop, organize and manage a business venture in a competitive global marketplace that is constantly evolving..

#### **Objective of the Seminar:**

#### **Specific goals of this Seminar included:**

The primary goal is to get to the point where they can work only with their ideal clients. Entrepreneurship involves setting up and running a business venture with specific objectives in mind. These objectives can vary depending on the entrepreneur's personal and business goals, as well as the nature of the business itself. However, there are several common objectives of entrepreneurship:

### **Explaining What is Entrepreneurship to Associates**

#### **Program Out Comes:**

Program outcomes for entrepreneurship education can vary depending on the specific goals and focus of the program, but they generally aim to equip students with the knowledge, skills, and abilities needed to succeed as entrepreneurs and innovators. Here are some common program outcomes for entrepreneurship education Entrepreneurship involves taking calculated risks. Students should learn how to assess and manage risks associated with starting and running a business.

The one-day seminar on Entrepreneurship as Career came to a close on 10<sup>th</sup> september 2019, with a Valedictory function. Ms. K. Prasuna gave the welcome address in the valedictory function. Guest of the Valedictory Function gave a motivational speech on relevance of quality research during the valedictory programme and encouraged the participants to keep learning Entrepreneurship techniques and doing quality of thinking. Dr. K. Murali, coordinator of the

## ABOUT US

Vijaya Institute of Technology for Women (VITW) is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering College in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE, IT, Masters of Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference.

## ABOUT CSE DEPARTMENT

The Department of Computer Science and Engineering (CSE) is established in the year 2008 with a view to develop quality engineers to meet the current trends. The Department provides Undergraduate program in B.Tech (CSE) is noted for research and teaching excellence. Its recognized faculty members are engaged in breakthrough research across the leading areas of Computer Science and Engineering. The department has got well equipped laboratories with latest soft-wares to meet the industry trends. It also has excellent library facility.

## OBJECTIVE OF THE SEMINAR

Research ethics encompasses a set of principles, guidelines, and standards that govern the ethical behavior of researchers in all stages of the research process, from the design and implementation of studies to the publication and dissemination of results.

### Objectives:

- Research ethics aims to safeguard the rights, dignity, and well-being of research participants.
- Ethical research practices promote honesty, accuracy, and transparency in all aspects of research.
- Ethical research takes into account the broader societal implications of research activities.

## ABOUT CSE DEPARTMENT

The Department of Computer Science and Engineering (CSE) is established in the year 2008 with a view to develop quality engineers to meet the current trends. The Department provides Undergraduate program in B.Tech (CSE) is noted for research and teaching excellence. Its recognized faculty members are engaged in breakthrough research across the leading areas of Computer Science and Engineering. The department has got well equipped laboratories with latest soft-wares to meet the industry trends. It also has excellent library facility.

## OBJECTIVE OF THE SEMINAR

Research ethics encompasses a set of principles, guidelines, and standards that govern the ethical behavior of researchers in all stages of the research process, from the design and implementation of studies to the publication and dissemination of results.

### Objectives:

- Research ethics aims to safeguard the rights, dignity, and well-being of research participants.
- Ethical research practices promote honesty, accuracy, and transparency in all aspects of research.
- Ethical research takes into account the broader societal implications of research activities.

### Department of Computer Science & Engineering One day Seminar on Research Ethics 17-08-2019

**Registration Fee: Free**

**Registration Deadline: 17-08-2019**

A one-day seminar on **Research Ethics** was successfully organized by computer Science & Engineering, Vijaya institute of technology for women, Enikepadu, Vijayawada, Andhra Pradesh, held on 17<sup>th</sup> August 2019.

Research ethics play a fundamental role in maintaining the integrity of scientific inquiry and ensuring the well-being and rights of research participants. This report explores the principles, objectives, and significance of research ethics in contemporary scientific research. By upholding ethical standards, researchers can build trust, produce reliable results, and contribute positively to society.

#### **Objective of the Seminar:**

#### **Specific goals of this Seminar included:**

The foremost goal of research ethics is to protect the rights, dignity, and well-being of research participants. Researchers must obtain informed consent, ensure voluntary participation, and minimize any potential harm to participants during the research process. Researchers must provide clear, understandable, and complete information to participants about the research study. Informed consent ensures that participants are aware of the study's purpose, procedures, risks, benefits, and their rights before they decide to participate. Researchers have a responsibility to minimize the risks and potential harm to participants. This includes both physical and psychological harm. Ethical research should not cause undue stress, discomfort, or adverse effects on participants.

### **Program Out Comes:**

This report outlines the program outcomes for our Research Ethics initiative, designed to instill ethical principles and practices among researchers. Researchers will be well-versed in and consistently adhere to relevant national and international regulations, institutional policies, and ethical guidelines governing research. Researchers will implement robust measures to protect the rights and well-being of human subjects, including safeguarding confidentiality, privacy, and minimizing potential harm. Researchers will engage in ethical behavior in peer review processes and collaborative research, upholding principles of fairness, objectivity, and constructive feedback.

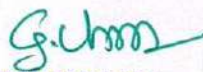

The one-day seminar on Research Ethics came to a close on 17<sup>th</sup> August 2019, with a Valedictory function. Ms.P.Sarala gave the welcome address in the valedictory function. Guest of the Valedictory Function gave a motivational speech on relevance of quality research during the valedictory programme and encouraged the participants to keep learning research methodology techniques and doing quality research. Ms.P.Sarala, coordinator of the Computer Science & Engineering presented the report on one day seminar on Writing an Research Ethics.

## ABOUT US

Vijaya Institute of Technology for Women (VITW) is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering College in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE, IT, Masters of Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference.

## ABOUT CSE DEPARTMENT

The Department of Computer Science and Engineering (CSE) is established in the year 2008 with a view to develop quality engineers to meet the current trends. The Department provides Undergraduate program in B.Tech (CSE) is noted for research and teaching excellence. Its recognized faculty members are engaged in breakthrough research across the leading areas of Computer Science and Engineering. The department has got well equipped laboratories with latest soft-wares to meet the industry trends. It also has excellent library facility.

## OBJECTIVE OF THE SEMINAR

This will ultimately assist them in protecting their intellectual property and potentially monetizing their inventions, innovations, or creative works through legal patent rights.

### OBJECTIVES:

- To legally protect a novel invention, idea, or innovation from unauthorized use or reproduction by obtaining a patent.
- To create a valuable asset that can be licensed, sold, or used to secure investment or funding for further development.
- To gain exclusive rights to make, use, and sell the patented invention for a specified period, typically 20 years from the date of filing.
- To establish a competitive advantage by preventing others from exploiting the same invention in the marketplace.

## ABOUT CSE DEPARTMENT

The Department of Computer Science and Engineering (CSE) is established in the year 2008 with a view to develop quality engineers to meet the current trends. The Department provides Undergraduate program in B.Tech (CSE) is noted for research and teaching excellence. Its recognized faculty members are engaged in breakthrough research across the leading areas of Computer Science and Engineering. The department has got well equipped laboratories with latest soft-wares to meet the industry trends. It also has excellent library facility.

## OBJECTIVE OF THE SEMINAR

This will ultimately assist them in protecting their intellectual property and potentially monetizing their inventions, innovations, or creative works through legal patent rights.

### OBJECTIVES:

- To legally protect a novel invention, idea, or innovation from unauthorized use or reproduction by obtaining a patent.
- To create a valuable asset that can be licensed, sold, or used to secure investment or funding for further development.
- To gain exclusive rights to make, use, and sell the patented invention for a specified period, typically 20 years from the date of filing.
- To establish a competitive advantage by preventing others from exploiting the same invention in the marketplace.

## ABOUT US

Vijaya Institute of Technology for Women (VITW) is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering College in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE, IT, Masters of Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference.

### Department of Computer Science & Engineering One day Seminar on Procedure for Filing a Patent 26-06-2019

**Registration Fee: Free**

**Registration Deadline: 26-06-2019**

A one-day seminar on **Procedure for Filing a Patent** was successfully organized by Department of Computer Science & Engineering, Vijaya institute of technology for women, Enikepadu, Vijayawada, Andhra Pradesh, held on 26<sup>th</sup> June 2019.

The seminar on the Procedure for Filing a Patent, held at [Vijaya Institute of Technology for Women] on [26-06-2019], was a comprehensive exploration of the intricate process of patent filing. The seminar aimed to enlighten participants about the crucial steps involved in securing a patent, empowering inventors, entrepreneurs, and innovators with the knowledge necessary to protect their intellectual property effectively.

#### **Objective of the Seminar:**

#### **Specific goals of this Seminar included:**

The seminar began with an introduction to patents, explaining their significance in fostering innovation and protecting inventors' rights. Participants learned about the types of inventions eligible for patent protection and the advantages of having a patent. Legal experts discussed the criteria inventions must meet to be eligible for a patent. This included discussions on novelty, non-obviousness, and industrial applicability, clarifying the standards inventors need to fulfill.

**Seminar on**  
**PROCEDURE FOR FILING A PATENT**

**JUNE 26<sup>th</sup> , 2019**

**Resource Person**  
**Mr.Khaza KB Vali Basha SK**  
**M.Tech(Asst.Professor)**  
**Deccan College of Engineering & Technology, Hyderabad .**

**Organized By**  
**Department of Computer Science and Engineering**

**Inauguration Function:**

The inauguration function of the Seminar started on 26-06-2019 at 11.00 AM, with the welcome address by the Coordinator, Mrs.ACP.Ranjani, Assistant Professor, Department of Computer Science & Engineering. Address by the Ms.T.Shalini, and the Key note address by the distinguish guest and resource person, Mr.Khaza KB Vali Basha SK of Computer Science & Engineering Department, Deccan College of Engineering & Technology, Vijayawada. The inaugural function concluded at 1.00 PM and the Seminar session followed by, Mr. Khaza KB Vali Basha SK on Procedure for Filing a Patent.

**Presentation by Resource Person:**

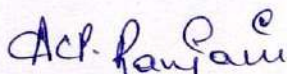

### **Program Out Comes:**

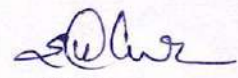

The seminar on the Procedure for Filing a Patent successfully achieved its specific objectives by clarifying patent types and eligibility, explaining the patent application process, discussing legal requirements and timelines, and highlighting the importance of patent searches. Participants left the seminar with a solid understanding of patent filing procedures and the confidence to navigate the process effectively. Attendees learned how to perform effective patent searches to avoid duplication and potential patent infringement. In this seminar not only clarified the patent filing process but also empowered participants with the knowledge and skills required to protect their innovations through patents effectively.

The one-day seminar on Procedure for Filing a Patent came to a close on 26<sup>th</sup> June 2019, with a Valedictory function. Mrs.ACP.Ranjani gave the welcome address in the valedictory function. Guest of the Valedictory Function gave a motivational speech on knowledge and skills needed to become effective social entrepreneurs and make a positive impact on society. Mrs.ACP.Ranjani, coordinator of the CSE Department presented the report on one day seminar on Procedure for Filing a Patent.

## ABOUT THE COLLEGE

The college Vijaya Institute of Technology for Women is founded by Sri Boyapati Appa Rao Garu in 2008, with the objective of providing excellent learning facility for women to pursue education in engineering. VITW is affiliated to Jawaharlal Nehru Technological University (JNTU), Kakinada, approved by All India Council for Technical Education (AICTE), Certified by ISO 9001:2015. VITW is the only women's Engineering college in the heart of Vijayawada city, offering engineering under graduate courses in CSE, ECE, EEE and IT, Masters in Business Administration and Diploma Engineering courses in CSE, ECE and EEE. VITW is not just one more engineering college. It's a college with a difference. It has made its presence felt more with its academic discipline, results and the achievement of its students.

## ABOUT MBA DEPARTMENT

The department was established in the year 2009 and offers 2 year full time Master of Business Administration (MBA) program with the approval of AICTE, and affiliated to JNTUK.

Department of MBA believes in learning beyond the classroom and in interaction with industry. We at the Department instill aptitude to think logically and act rationally.

Faculty members at MBA promote knowledge through teaching, research and training. Various tools are used to allow students to become Managers, Leaders and Entrepreneurs.

## OBJECTIVE OF THE SEMINAR:

1. To understand the concept of financial performance
2. To know the practice of presenting financial statements
3. To know about the accounting practices i.e. legal provisions, standards
4. To analyse financial and non-financial activities of the company
5. To assess the financial strength of the company
6. To examine the liquidity of the fastech companies
7. To know the financial efficiency of the fastech company
8. To examine the financial and non-financial efficiency process of Fastech Company

## VIJAYA INSTITUTE OF TECHNOLOGY FOR WOMEN

An ISO 9001:2015 Certified Institute, Approved by AICTE, Affiliated to JNTU Kakinada, AP

Phone: 0866-2844444, Email: [vijayatechfw@gmail.com](mailto:vijayatechfw@gmail.com) Website: [www.vitw.edu.in](http://www.vitw.edu.in)

College Code: NP, Enikepadu, Vijayawada-521108

**Organized by Department of Business Administration  
A One day Workshop  
On  
Qualitative and Quantitative Techniques in Research**

**Registration Fee: Free**

**Registration Deadline: 03-06-2019**

A work shop on quantitative and qualitative Research was successfully organized by Department of Business Administration, Vijaya institute of technology for women, Enikepadu, Vijayawada, Andhra Pradesh, held on 03-06-2019

The main goal of the Seminar is to know what the various Qualitative and Quantitative Techniques in research are and get aware of them to prepare the research project.

**Objective of the Seminar:**

**Quantitative Research:**

1. Measurement and Description: To quantify and measure phenomena, often using numerical data, to describe patterns, relationships, and trends.
2. Generalization: To generalize findings from a sample to a larger population, providing insights into broader trends or patterns.
3. Hypothesis Testing: To test hypotheses and establish causal relationships between variables through statistical analysis.
4. Objectivity: To minimize researcher bias and subjectivity, emphasizing objectivity in data collection and analysis.
5. Precision: To provide precise and quantifiable answers to research questions.
6. Surveys and Experiments: Common methods include surveys, experiments, and structured data collection techniques.

  
**PRINCIPAL  
VIJAYA INSTITUTE OF  
TECHNOLOGY FOR WOMEN  
ENIKEPADU, VIJAYAWADA-521 108.**

### Qualitative Research:

1. Exploration and Understanding: To explore, understand, and gain insights into complex phenomena, often using non-numerical data like interviews, observations, or textual analysis.
2. Contextualization: To provide a deep, context-rich understanding of the subject, including the social, cultural, and historical context.
3. Theory Building: To develop or refine theories and concepts, generating hypotheses for future research.
4. Subjectivity: To acknowledge and embrace the subjectivity of the researcher and participants, recognizing that the researcher's perspective can influence the findings.
5. Rich Description: To provide detailed, nuanced descriptions and narratives that capture the depth and complexity of the research topic.
6. Methods: Common methods include interviews, focus groups, content analysis, and ethnography.

In practice, researchers may choose quantitative or qualitative methods based on their research questions and objectives, often combining both to gain a more comprehensive understanding of a topic.
