Program Report

On April 7th, our college Vijaya Institute of Technology for Women (VITW), Enikepadu, Organized the Sports on the occasion of “**World Health Day**”, organized by CSE department under the association of “Binary Brains”. The students were very excited about the events and the activities carried out throughout the event. The whole College, and especially the Ground area was decorated and it was feeling like a festival in College. The parents of all the students were invited to the event.

The **World Health Day** event was inaugurated through the flame lighting ceremony, in which, the torch was carried by students who have best performed in the sports competitions at different levels. The sports day began with a March Past.

After March passed, the students of the different houses competed against each other in various sports. The event included sports like Kabaddi, Caroms-Singles and Doubles along with Slow Cycling.

All the houses were awarded points on the basis of performance and several criteria. As the day ended, College Principal awarded prizes to the winning individual and declared the winning house as well. In the end, the principal addressed the students and the parents, appreciating the efforts and enthusiasm of all the students towards the event, and congratulated the winning students and the winning house for all their efforts.
